** Students may only perform in one event at the Command Performance
even if they have been nominated in additional events.*

* * * * *

NOTE: Students pre –qualify for participation at the State Solo and Ensemble Music Festival by receiving an “I” or “Superior” rating at their regional music festival levels. To perform at the Command Performance Concert on Saturday evening, students must be nominated by the state adjudicator for each adjudicated section and they may perform in only one command performance if they are nominated in more than one category.

The purpose of the Command Performance is to showcase and recognize superior performers who have demonstrated the highest levels of vocal and instrumental talent, musicianship, technique and presentation.

Each adjudicator is asked to submit and prioritize three nominations of outstanding performances that they have heard during their section. They may also nominate only one, two or none performances, if, they feel that no entry fits the definition of a Command Performance nomination.

Since not all the adjudicators hear every student, their selection of “Command Performance” nominees represents the best from among the performances they heard and judged, not from among the entire festival. Basically, there is one Command performance chosen for every 25 entries in a section.

Because of the number of applications, for 2007, there were 2 command performance slots for flute, high string, vocal ensemble and 5 command performance slots for vocal solo.
